VII. LIFE "Tiszta energiára való átállás" alprogram 2023-as felhívására készített kisokos (EN: User's Guide for LIFE calls – in Hungarian) .....	3
VIII. EUROGIA CALL23 – OPEN NOW.....	3
IX. Yellow Research webinar on Writing Competitive Research and Innovation Actions in Horizon Europe .....	3

#### I. ERC Starting Grant Mentoring Event – Narrative CVs and Evaluation

**Date: 31 May 15:00-16:20 CET, Zoom**

The Young Academy of Europe (YAE), in collaboration with Academia Europea (AE) Budapest Knowledge Hub, continues the event series focusing on increasing the number of European Research Council's (ERC) Starting Grant (StG) applications from EU13 and associated countries. This event will focus on the narrative CV format and its potential effects on the evaluation procedures.”

The event will start with an information session for potential applicants given by an ERC Executive Agency (ERCEA) representative. Next, Sean Sapcarriu from the Luxembourg National Research Fund will introduce narrative CVs and describe their goals and potential effectiveness in the ERC StG applications. Last, the testimonial from YAE activities chair Serim Ilday on how she utilised a narrative CV in her successful ERC StG application will follow. The event will end with a Q&A session where attendees are encouraged to ask questions to the speakers and László Lovász, the academic director of the AE Budapest Knowledge Hub and member of the ERC Scientific Council.

Europe Opportunities

### III. New Energy Technology Mixer - Horizon Europe 2023-2024 edition brokerage event

**Date: 30 May 2023 – 31 May 2023**

The Industry Contact Point Low-emission Technologies and Clean Energy, operating within Łukasiewicz - Warsaw Institute of Technology, and Enterprise Europe Network Central Poland, invite you to join the online brokerage event!

The event is dedicated to companies, research institutions, universities and organizations active in the energy transition process. The event's main goal is to gather all the interested entities intending to apply for funding under the Horizon Europe Framework Programme. Therefore, if you are looking for funding opportunities, suitable project partners, partners to further develop your project proposal, involvement in research projects, then please register for individual bilateral meetings online through the B2Match platform. Registration deadline: 30th of May.

The event is free of charge, but registration and profile activation is mandatory to attend the brokerage event.

### IV. Online Info Session “Regional Innovation Valleys - calls for proposal”

Join this webinar to learn more about the Interregional Innovation Investments (I3) Instrument and the European Innovation Ecosystems calls.

On **25 May 2023**, the European Innovation Council and SMEs Executive Agency (EISMEA) is organising an informative webinar to learn more about the [Regional Innovation Valleys \(RIVs\) calls for proposals](#).

More information: [Online Info Session “Regional Innovation Valleys - calls for proposal” 25 May 2023 \(europa.eu\)](#)

### V. EARTO Webinar on the work of the Strategic Configuration of the Horizon Europe Programme Committee (SPC)

**Date: 22 May at 11.00-12.00 CET**

EARTO is pleased to invite you to its online webinar on the work of the Strategic Configuration of the Horizon Europe Programme Committee (SPC) with Mr. Peter Spyns, Coordinator International Policy at the Flemish Government - Department of Economy, Science and Innovation. The presentation of Mr. Spyns will be followed by a Q&A session.

Register here: [EARTO Webinar Cycle – May 2023 | EARTO](#)

### VI. Open Access to JRC Research Infrastructures

The European Commission’s Joint Research Centre (JRC) opens its scientific laboratories and facilities to people working in academia and research organisations, industry, small and medium enterprises (SMEs), and more in general to the public and private sector.

The JRC offers access to its non-nuclear facilities to researchers and scientists from EU Member States and countries associated to the EU Research Programme Horizon Europe. For nuclear facilities, the JRC opens to EU Member States and to countries associated to the Euratom Research Programme.

More information: [Open access to JRC Research Infrastructures \(europa.eu\)](https://europea.eu)

## VII. LIFE "Tiszta energiára való átállás" alprogram 2023-as felhívására készített kisokos (EN: User's Guide for LIFE calls – in Hungarian)

Az Energiaügyi Minisztérium készített egy kisokost, amely hasznos információkat tartalmaz többek között a pályázási menetrendről, a finanszírozásról, áttekintésre alkalmas honlapokról.

A kisokos csupán egy tájékoztató anyag és kedvcsináló.

## VIII. EUROGIA CALL23 – OPEN NOW

Eurogia2030 is on the front line in the Energy field to achieve carbon neutrality goals. Through Low Carbon Technologies R&D solutions Eurogia aims to contribute for a sustainable environment, for the reduction of climate change and for a sustainable growth.

This Eurogia2030 programme is designed to stimulate activity in this important area, through the creation of transnational collaborative projects in applications that will support economic growth and benefit society as a whole. Participants are invited to submit applied research and innovation project proposals within the Eurogia scope: [eurogia2030-technology-roadmap-annex-to-the-map-final.pdf](#)

More information: [Eurogia – Call Info Site](#)

## IX. Yellow Research webinar on Writing Competitive Research and Innovation Actions in Horizon Europe

This training will help you develop your proposal writing skills and scientific thinking to shape your ideas, and develop of a strong, convincing proposal delivering impact. The comprehensive training programme will ignite the creative process with applicants and suggest strategies to lead bids or contribute effectively as a partner. We will also offer a thorough understanding of the evaluation process and will systematically go through the template to explain how each section of the proposals can be constructed and edited. This will include insights and case studies. Strategies will be discussed on how to find partners and build a strong consortium of experts.
